

**AVI** GLOBAL AVIATION

**TOP-UP DEGREE**

- BBA – Global Aviation
- BSC – Airline Management

Stamford has a collaboration with Vaughn College of Aeronautics and Technology, New York - a private institution devoted exclusively to the field of aviation, management, engineering and technology.

Airline Business Management graduates who meet the minimum GPA requirements can opt for the Progression Degree option to continue their study at Vaughn College. Students will study for an additional 12 months in New York and will receive the second degree on graduation.

**Vaughn College**  
of aeronautics and technology

Manhattan, New York

Bachelor of Business Administration in Global Aviation is designed for students who aspire to build dynamic careers in the international aviation industry. This program goes beyond traditional aviation studies by combining professional aviation training with a strong business foundation — preparing graduates for both operational excellence and future leadership roles.

Students gain hands-on experience with global reservation systems such as Amadeus, alongside safety demonstration training and real-world operational practices.

**Dynamic:** Learn the key areas of aviation — service, technology, and ground management.

**Interactive:** Gain real insights by learning with industry experts and aviation companies.

**Job-ready:** Join internships with leading airlines for hands-on training and real work experience.
